COMMITTEE GOES AFTER OLD H. C. L.

BURGLARS GET IN STORE AT RED HOUSE

(By Associated Press) Washington, D. C., August 1.—It was announced at the White House today that a committee to conduct an investigation into the high cost of living and report to President Wilson was appointed at a conference yesterday of cabinet officers at the office of Attorney General Palmer. The committee, the function of which more probably is to consider means of reducing the high cost of living, will compile suggestions thus far made and report to the cabinet Monday when further steps will be taken. One suggestion, Palmer said, was that the government sell this year's wheat crop at a market price to be determined by the law of supply and demand and make up its guarantee to the farmers out of a billion dollar fund appropriated by congress.

Attending Embalming College
Mr. Rufus Blakeman and son, Carter, are attending the Cincinnati College of Embalming where they will pursue an extensive course. The college is closely connected with the Cincinnati General Hospital and exceptional advantages are offered to gain a wide knowledge along various lines. The college has a wide reputation, students coming from practically every state in the union.

Hays Won't Run For Governor Of Indiana

(By Associated Press)

Brookfield, Indiana, July 31—Will H. Hays, chairman of the republican national committee, addressing the Indiana Republican Editorial Association at Magnolia Springs near here today, announced he would not be a candidate for the republican nomination for governor of Indiana. He asserted he could not be a candidate and national chairman at the same time and do both justice.

Threaten Spread of Strike

(By Associated Press)

Chicago, Aug. 4.—A strike of the federated railway shopmen which entered on its fourth day today and has already involved 50,000 men, will soon spread to every section of the country, local officers of the union declared today, unless their demands are speedily met.

Reports today showed 1,200 struck during the forenoon at Cleveland and 3,700 at Duluth with lesser numbers at Montgomery, Danville, Va., and Sheffield, Ala. At Kansas City a union official of the Railway Car Repairmen, ordered the men back to work in a number of cities because he said a legal vote on the strike had not been taken.

Hines Asks About H. C. L.

(By Associated Press)

Washington, August 4.—All railroad union officials now in Washington were asked today by Director General Hines to meet him today for a conference on the high cost of living.

Is Not Take All

Wheat in Whitley county has not been attacked by either take-all or flag-smut, the foreign disease already noted in news stories. An expert from the Extension Division of the College of Agriculture, who has just returned from an inspection of wheat in that county, reports the diseases in the wheat fields as scab, loose smut and stinking smut and not the dangerous take-all or flag smut.

GETS NEARLY ALL OF 'EM IN MADISON

Black Carries County By 1496 Votes—Shanks Also Ahead and Collins Wins

As was expected on all sides Gov. James D. Black swept Madison county from stem to stern in the Democratic state primary Saturday. His plurality over Judge John D. Carroll, the contending candidate was 1,496. Col. P. J. Noel only received 24 votes in the county. Black's total vote was 1,809, to 313 for Carroll.

The vote in the primary was very light, and just a little over 50 per cent of the Democrats of Madison county went to the polls.

Interest in the contest for the Lieutenant governorship was just as keen as in the governor's race owing to the fact that Col. R. C. Oldham is a native of this county and Hon. W. H. Shanks married here and his mother was born here.

Complete returns from all precincts of the county show that Shanks carried Madison by a majority of 296 votes over Oldham.

Other state candidates who carried Madison were Mat Cohen for secretary of state; Henry Bosworth for auditor; Ryland C. Musick for attorney general; J. A. Goodman for clerk of Court of Appeals; J. W. Newman for commissioner of agriculture.

There was keen interest in the Democratic nomination for Representative from Madison, and not until the last precincts were finally in was it absolutely settled, although Tom Collins, who is the winner, showed much strength in the country precincts.

Mr. Collins' majority over Judge Rice is 259.

Owing to the confusion caused by the moving of the Daily Register office, the vote by precincts will not be given until Tuesday's paper.

BALLARD WINS FROM G. B. MOORES

The republican machine got in its work nicely in its state and county primary Saturday and Dawson carried Madison for Attorney General over Jolly, and Leonard Ballard defeated G. B. Moores, whom the republican leaders were afraid to renominate on account of his vote for the State Tax Commission in the session of the General Assembly in which he served.

The republican leaders and voters paid more attention to the special congressional race than they did to the primary, however, and they "got the grapes" by doing so. The race in the primary between Kash and Eversole was rather close, Eversole carrying the county by a vote of 606 to 534.

For Attorney General, Charles Dawson's vote was 780 to 410 for George W. Jolly, the insurgent.

Leonard Ballard won by a vote of 976 to 362 over Mr. Moores.

This vote includes all of the county except Newby precinct, the stub books of which had not been returned to the County Clerk's office by noon Monday.

CHILD IS KILLED BY LIGHTNING BOLT

During the electric storm Thursday afternoon, Oral, the little six year old son, of Mr. and Mrs. Hood Wells, was struck by lightning, and instantly killed. It is understood, he went out in the yard to get his overalls off of the line, before the rain when the lightning struck a large tree and then the wire line. He is survived by his father and mother, and nine brothers and sisters. The family live near Forest Hill on the Jack's Creek road. The stricken parents have the sympathy of their friends in their terrible grief. Remains will be interred in the Richmond cemetery this afternoon at three o'clock.

SPEEDERS ON JOB IN HEART OF CITY, TOO

Aug. 2, 1919.
Richmond Daily Register, City.

Dear Mr. Editor:

Your article in issue of July 29, under heading "Auto traffic laws to be rigidly enforced" could not help but attract attention.

It seems certain from expressions of opinion that we hear, that at least a large majority of our citizens would recommend the enforcement of our Auto Traffic Laws, or any other laws, that would put a stop to the reckless speeding which goes on.

Your article says that a great many complaints have been made regarding speeding on the outskirts of Richmond, and that traffic officers will be placed on the outskirts of the city, and so forth.

Everyone is seeking the reason for this complete somersault of the 8th which has always been considered reliably democratic. Few are inclined to think that the soldier vote is responsible, for the soldiers showed when Col. Denhardt was running for the democratic nomination for governor, that they are taking little interest in politics. Many including republican leaders say that Judge Hardin's close personal and political relations with Senator A. O. Stanley were mainly responsible for his defeat. Capt. Swope made much campaign material out of this, and it may have had its effect. Others say that it was a political error to have the special congressional election on the same day as the state primary. The republicans voted out almost their full strength in the congressional election, but having few contests in their primary paid little attention to it. On the other hand, the democrats seemed more interested in the primary.

It would not be necessary for any one really desiring information regarding speeding to put on green whiskers, a slouch hat, and a long overcoat, and stand in a deep shadow to get the information needed. They could take a seat in front of Councilman Golden's shop, or under the shade of Mr. Arthur Todd's porch, with assurance if there were any automobiles running at all, that they would get plenty of material to work on.

Yours truly,
M. C. KELLOGG

BLACK'S MAJORITY TO BE OVER 20,000

(By Associated Press) Louisville, Aug. 4—Unofficial returns from 100 counties in the state give Gov. Black a majority of 16,890 over Judge Carroll for the democratic nomination for Governor. The 18 or 20 counties yet to be heard from are in the Fourth, Seventh, Ninth, Tenth, and Eleventh districts, which are expected to make Black's majority between 18,000 and 20,000.

LATEST ON ELECTION

Louisville, Ky., August 4, 3:30 P. M.—Both the Times and the Post today say that Wm. H. Shanks, of Stanford has defeated R. C. Oldham, of Winchester, for the Democratic nomination for lieutenant governor. Neither gives figures. Shanks' friends say his majority will be over 7,000, while Oldham is claiming that belated returns will show him a winner. Other winners in the state primary are: for Auditor, Henry Bosworth; for secretary of state, Mat Cohen; for commissioner of agriculture John W. Newman; these seem to be Goodman for clerk of the court of appeals; Foster for superintendent of schools and Daugherty for attorney general.

WAR TRAINING FOR ALL YOUTHS

(By Associated Press)

Washington, Aug. 4—Secretary Baker today transmitted to Congress the War Department plans for a peace time army of 510,000 officers and men and a system of universal training. The latter includes three months compulsory military training for youths of 19 and their subjection to military service for two years after completing the course in the event of war selective service act in force during the great war becoming operative. The plan provides for abolishing the promotion of officers by seniority which, Baker said, in a letter accompanying the bill has shown to be defective during the late war. There is no change in the law regarding the National Guards' relations to the regular army. Baker said he assumed the national defense act federalizing the guard, will be retained. Regarding universal training, Baker said provisions will be made for suitable deferments and exemptions. He said the suggested training period is brief "but not too brief

Disputes Root's Contention

Washington, Aug. 4—Wayne B. Wheeler, counsel for the anti-saloon league of America, took issue with Elihu Root and other counsel for the United States Brewers Association that the proposed prohibition enforcement act is unconstitutional. He also denied the League intended starting an Anti-Tobacco Campaign. Concerning the constitutionality of the act, Wheeler said "It's well settled by the supreme court that if congress has the power to enact a law. It also has power to enact additional legislation to make the original act enforceable."
